How to Use Your SALT Store Credit

A simple, step-by-step guide

$100 SALT Store Credit

For winners of our games at seniorandlivingtoday.com.
Take it one step at a time. There's no rush, and help is always a phone call away: **(888) 416-4264**.

Before you start

You'll need: the **email address you used when you played**, and access to that email (to receive a short sign-in code).

> 💡 The pictures in this guide are **simple illustrations** to help you find things. Your screen may look a little different, depending on your phone, tablet or computer.

1 What store credit means

Store credit is **money added to your account** at the SALT Online Store (www.saltonlinestore.com). You can spend it on products there.

It is **not** a gift card and **not** a discount code. There's nothing to type in. It lives in your store account, which is linked to your email address.

---

2 When your credit arrives

After you win, our team adds your **$100 SALT Store Credit** to the store account that uses **the same email** you played with, within **24 to 48 hours**. We'll send you an email when it's ready.

> 💡 Check your spam or junk folder if you don't see our email.

---

3 Sign in to your store account

Go to **www.saltonlinestore.com** and choose **Sign in** (the person icon or “Account”). Type the **same email** you played with. The store emails you a **short code**. Type that code in. There’s no password to remember.

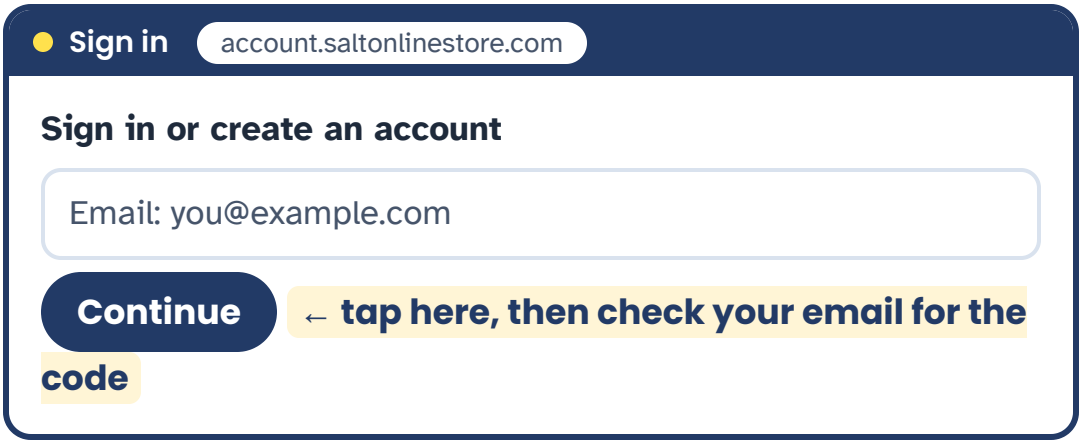

Illustration of the sign-in screen.

4 See your store credit balance

Once you’re signed in, open your **account**. Your **store credit balance** is shown in your account details.

Illustration: where your balance appears.

5 Browse the store

Visit **www.saltonlinestore.com** and look around: comfort items, reading glasses, gifts, planners and more. Tap any product to see its details.

6 Add products to your cart

On the product page, choose any options (like color or size), then tap **Add to cart**. Keep shopping, or open your **cart** when you're ready.

Illustration of a product page.

7 Go to checkout (stay signed in)

Open your cart and tap **Check out**. Make sure you're **signed in** with the email you played with. Store credit only shows when you're signed in.

8 Apply your store credit

In the **Payment** part of checkout, find **Store credit**. Turn on **“Apply store credit”**. You’ll see the credit taken off what you owe.

Illustration: the “Apply store credit” switch at checkout.

> 📌 **Our store credit rule:** use up to 10% of each order from your credit until the $100 is used. If you’re not sure how much to use, call us before you pay: (888) 416-4264.

---

9 Check what’s left, and finish your order

Before you pay, look at the order summary: it shows the store credit used and anything left to pay. Pay any remaining amount with your usual method, then tap **Pay now** (or **Complete order**).

Afterwards, your **remaining store credit** is shown in your account (see step 4).

---

10 If your store credit isn’t showing

- **Wait the full 48 hours** after you won, and check your email (including spam).
- Make sure you’re **signed in** at www.saltonlinestore.com.
- Check you used **exactly the same email** you played with. A different email means a different account.
- Still stuck? **Call (888) 416-4264** and we’ll help, one step at a time.
